Sir:

In accordance with the provisions of 37 C.F.R. § 1.97-1.99, applicant presents herewith PTO/SB/08A containing a list of the references which he believes might be material to the Examiner's examination and/or to the patentability of a claim of the application, and which constitutes the most pertinent prior art with which he is acquainted. Copies of these references are submitted herewith.

The submission of any document herewith, which is not a statutory bar, is not intended as an admission that such document constitutes prior art against the claims of the present application. Applicants do not waive any rights to take any action which would be appropriate to antedate or otherwise remove as a competent reference any document which is determined to be a prima facie prior art reference against the claims of the present application.

The claims of the instant application have been carefully drafted to define the novelty of the instant invention over the teachings of this prior art.

Allowance of the claims is respectfully solicited.
